STRAIGHTGRAIN PATTERNS

catalogue
ABOUT

Straightgrain is a Belgian brand of sewing patterns. We have a soft spot for minimalistic, modern designs, with highly original details. Our patterns are known for their high quality, wide array of options and sizes, and very clear and easy-to-follow instructions.

Features:
- Very detailed sewing instructions, with clear, digitally drawn illustrations.
- Detailed information on sizing, yardage, materials, finished measurements of the garment, cutting lay-out, seam allowance, etc.
- All info provided in metric and imperial measurements (cm and yds/inches)
- Possibilities to mix 'n match the different patterns (e.g. Laure dress + Nova sleeves + Tinny collar)
- Each pattern has been thoroughly tested by (generally 30 to 40) sewists.
- Difficult steps are also shown in accompanying video’s (e.g. straight-grain.com/cuffs)
- Patterns are printed on high quality, durable A1 sheets (not tissue paper). They are printed in full-color, so that sizes can easily be distinguished from each other.
- Instructions come in handy booklets, also printed in full-color.
- Patterns and booklets come in beautiful, sturdy folders, printed in full color, fully closed (no cut-outs), and with a spine for easy storing.
- All patterns, booklets, and folders are printed 100% CO2-neutral.
